

Cinema Base

2.2 channel all-in-one soundbase for television

Home theater sound now fits under your TV

Designed to complement your flat-screen TV, the JBL Cinema Base projects stunning virtual surround sound from a sleek, self-contained package. It connects with a single cable to your TV using HDMI®, optical or analog connection, and plays music wirelessly from Bluetooth® smartphones or tablets. Its all-in-one form is designed to fit under most TVs up to 60". It features Harman Volume, which keeps sudden volume changes from disrupting the experience. It can learn any TV remote volume control, giving you simplified control over your cinema experience.

Features

- ▶ Convenient "pedestal" sound system for your TV – no wall-mounting required
- ▶ Flexible all-in-one design supports most TVs up to 60"
- ▶ Experience high-performance JBL sound with built-in dual subwoofers for added impact
- ▶ Simple one-cable connection to your TV with HDMI® ARC or optical
- ▶ No more loud commercials – Harman Volume keeps your sound levels consistent
- ▶ Big movie sound with Dolby® Digital and Harman Display Surround sound
- ▶ Stream music from your smartphone or tablet with Bluetooth® wireless audio
- ▶ Charge each of your mobile devices with convenient built-in USB charging port
- ▶ Simplify your experience by using your existing TV remote control to operate the soundbase

Cinema Base

2.2 channel all-in-one soundbase for television

Audio

- ▶ JBL Cinema Base includes left and right 65mm (2.5") full range drivers and dual 90mm (3.5") subwoofers
- ▶ Total Cinema Base amplifier power: 240W

Sound processing

- ▶ Harman Display Surround mode creates a complete virtual surround sound experience without any extra speakers or wires
- ▶ Two-channel stereo mode for traditional stereo playback
- ▶ Dolby® Digital Decoding
- ▶ Harman Volume helps you maintain the same volume level, no matter what you're watching – be it a film, TV show or TV commercial

Connectivity

- ▶ One HDMI® output with Audio Return Channel (ARC)
- ▶ Bluetooth® connectivity
- ▶ One stereo analog-audio input
- ▶ One optical digital input
- ▶ One USB port for mobile device charging and software update

Ease of use

- ▶ An included IR remote allows you to conveniently control all JBL Cinema Base functionality
- ▶ Program the JBL Cinema Base to obey your TV remote's volume and power commands, so a single remote can control your whole home theater system
- ▶ Independent subwoofer level control from the remote control
- ▶ Audio feedback allowing direct audio confirmation for some operations of the Cinema Base, like Harman Volume
- ▶ Compact all-in-one footprint designed to support most existing television stands on the market up to 60"
